

# MOUSSA ABDOU SALAM

## JUNIOR SOFTWARE ENGINEER

ABIDJAN IVORY COAST | moussasalam86@gmail.com | [Click-On-Portfolio](#)

---

### SUMMARY

I have a passion for software development and am a young professional with a BTS in Computer Science who has a solid technical background and a strong willingness to learn. In my career, I have developed skills in programming (Php, Python, C, etc.) and database management. I am rigorous, curious and have an excellent team spirit. I would like to join an innovative company to put my skills into practice, take on technical challenges and contribute to the success of projects.

### PROFESSIONAL EXPERIENCE

#### Software engineering Full Time at GROUPE DIRECTSOFT ABIDJAN

Aug 2024 - Present

- Creation and optimization of input forms for the cocoa machining module in the system, training of machining personnel on the relevant module.
- Development of a maintenance module for the cocoa-processing industry, and training of cocoa production personnel in finished products following work processes.
- Coordinated project tasks, ensuring adherence to engineering standards and regulations. Conducted comprehensive project analyses, identifying and rectifying discrepancies in engineering designs.

#### Software engineering internship
